

## COMPROMISE MOVES ARE STARTED TO SAVE PEACE TREATY FROM DEADLOCK

**Ends in Senate Declare Pact Has More Than Even Chance for Life—More Reservations Adopted—Final Vote Will Be Taken Thursday.**

WASHINGTON, Nov. 18.—Compromise moves to rescue the peace treaty from a threatened deadlock made progress today that its friends declared it had more than an even chance for life.

The compromise program called for a final vote Thursday and pointed toward acceptance of the reservations of foreign relations commission without the requirement that they must be assented to affirmatively by the other ways.

The way to compromise was opened by the group of reservation Republicans, who served notice on the Republican and Democratic leaders that they would not put up the bar to the modification of the committee reservations, but would stand out against and defeat the administration's parliamentary program.

With this final announcement, the reservationists retired to their back ground. The result was that the Republican Leader Lodge and Democratic Leader Hitchcock faced each other and laid all their cards on the table.

The conference between the two leaders brought no final decision to the language of a compromise ratification but it did develop an agreement that the Democrats would have the opportunity to make a show-down vote on the question of unreserved ratification.

This vote Mr. Lodge said would be permitted before the roll call of the committee resolution.

More Reservations Submitted. Another result of the conference was submission to Mr. Lodge tonight of a group of proposed compromise reservations with a view to making enough modification in the committee program already approved by the senate majority to enable the Democrats to support the committee resolution of ratification. On this point Senator Lodge was said to be insistent as he desired all compromise efforts to be made before the vote came on the committee measure.

Meantime in the senate two more reservations were added to the thirteen already adopted. The mild reservationists supported them as the final qualifications which they would help to write into the treaty, but the senate extended its session far into the evening, voting down numerous other proposals in an effort to clear the way for a final compromise resolution tomorrow.

The two reservations adopted today related to the labor provisions in part thirteen of the treaty and to voting equality in the league of nations.

The labor qualification was offered by Senator McCumber, Republican of North Dakota and was accepted 54 to 35, with the Democratic supporting it. A proposed substitute by Senator King, Democrat of Utah which would have excluded the United States unconditionally from the labor provisions was rejected 48 to 43, the mild Republicans joining the administration senators to override the votes of the irreconcilables and nine Democrats.

The proposal to vote to the joint resolution presented by Senator Lenroot, Republican of Wisconsin, Nov. 55 to 38 on a motion to substitute it for a less sweeping proposal by Senator McCumber. It then was formally adopted without a roll call. Previously a reservation on the same subject by Senator Johnson, Republican of California had been rejected 46 to 43, the eight Democrats voting for it and the mild reservationists lining up solidly in opposition.

Compromise Started. The wheels of compromise were started revolving by the mild reservation Republicans early in the day when they held a conference and decided on these propositions: That if the Democrats voted down the committee resolution of ratification they would support a motion to reconsider, thus bringing the resolution back before the senate for changes;

That they would not support a motion to sustain the chair in any ruling bearing out the administration's plans for a separate resolution of ratification after the committee proposal had been defeated;

That they were willing to see some modification of the preamble resolution requiring the affirmative assent of other nations to the senate's qualifications;

That any further compromise negotiations by the Democrats must be conducted, not with them, but with the Republican leaders. Of these resolutions they informed Senators Hitchcock and Lodge with the added advice to the former to move today for any compromise he hoped to secure. The conference between the Democratic and Republican leaders at which an earnest effort at compromise was understood to have been made followed almost immediately.

Senator Lodge was said to have (Continued on page four)

## FORMAL RESIGNATION OF CARTER GLASS IS GIVEN TO PUBLIC

**Accepts Post of Senator at Urgent Request of President Wilson.**

WASHINGTON, Nov. 18.—The formal resignation of Carter Glass as secretary of the treasury, together with a letter from President Wilson urging him to accept the appointment as United States senator from Virginia was made public tonight by the treasury. There was no indication as to when Mr. Glass would leave the treasury.

In advising the president of the tender from Governor Davis of Virginia, Mr. Glass said he regarded the appointment as a mark of confidence, but that he felt his first duties were to the administration.

"Hence if it is your judgment that I better remain at my post in the treasury, you may be sure I am quite prepared cheerfully to accept your view," the letter said. "Conversely, if it would seem to you advisable, in all the circumstances, for me to take service again in the legislative branch of the government, I would desire to accept the honor which Governor Davis has been pleased to offer me."

The president wrote Mr. Glass as follows:

"Was most thoughtful and generous of you to consult my desires in the matter of your selection by Governor Davis for the senatorship from Virginia, left vacant by the death of Senator Martin. Of course you must accept the appointment. While your withdrawal from the administration as cabinet officer is a matter of deep regret to me and to your associates, I feel that your fine ability may again be utilized as a member of the senate in advancing the interests of the nation. The administration in that great forum."

"No president has had a more loyal, more devoted, or a more resourceful friend than you have been to me. Your work as chairman of the banking and currency committee of the house of representatives in connection with the establishment of the federal reserve act and your stout support of the administration every turn while a member of the house, caused us to rely upon you in every emergency."

"While your occupancy of the office of secretary of the treasury has been brief, the administration of its affairs under your guidance has moved forward to the highest levels of efficiency and a high devotion to the public interest."

Governor Davis has honored the old state of Virginia by paying tribute to so distinguished a son. We shall watch your career in the senate with affectionate interest and admiration."

## UNWILLING TO SERVE AS RECEIVERS

PITTSBURGH, Kans., Nov. 18.—Unwillingness to serve as receivers for Kansas coal mines taken over by the state last night under receivership orders issued by the Kansas supreme court was expressed today by two or three receivers appointed.

That coupled with the refusal during the day of August Dorchy, vice president of the Kansas mine unions to meet Governor Allen and discuss the situation, left in doubt tonight the success or failure of the receivership plan by which state officials had hoped mining operation would be resumed immediately.

However, Governor Allen said that Dorchy had agreed to attend a mass meeting of miners tomorrow. This evening Governor Allen addressed a miners' meeting and urged the men to return to work.

## WILSON VETOS COMMERCE BILL

WASHINGTON, Nov. 18.—Holding that the authority of the railroad administration over rates, schedules and classification was necessary to enable it to promptly meet operating emergencies arising during the existing period of heavy traffic, President Wilson today vetoed the senate bill restoring the pre-war rate making powers of the interstate commerce commission.

The president's message disapproving the bill of which Senator Cummins, Republican, Iowa was the author, was transmitted to the senate, but because of the closure on the peace treaty it was not formally presented.

## WILL DESTROY 84,126 BOTTLES OF BEER

ZION CITY, Ill., Nov. 18.—Destruction of 84,126 bottles of beer, seized in recent raids on beer runners between Wisconsin and Chicago in Zion City tomorrow was ordered today by Judge Charles Edwards in the circuit court at Waukegan. The beer will be poured into a ditch. Destruction of the beer was ordered under the terms of the Illinois search and seizure law. The bottles were sold by the court to a junk dealer for \$2.148.

## TUBE OF RADIUM LOST

Chicago, Nov. 18.—Under a ruling of Judge Arnold in the juvenile court yesterday five children under ten years old are barred from appearing in the play "Daddies." The court held that the appearance of the children was a violation of the state factory laws.

## AN ARMISTICE BETWEEN CAPITAL AND LABOR URGED

**Would Restore Industrial Tranquility Thruout U. S.**

## NO LOCKOUTS; NO STRIKES

ST. LOUIS, Mo., Nov. 18.—A twelve months armistice between capital and labor during which period present working conditions would exist and an extensive campaign in behalf of thrift and production to restore industrial tranquility thruout the country, was advocated by Allen Walker of the Guaranty Trust Company of New York, speaking tonight at the convention of the American Mining Congress.

A commission in each state with power to standardize wages and ensuing adjustments and an identical national commission with authority to act as the last court of appeal was suggested by Mr. Walker.

Such an armistice should be real, no lockouts or strikes during that time, both capital and labor pledging in advance to abide by the ruling of the national commission, declared Mr. Walker. He added:

"The ruling passion is extravagance, supplemented by a very common determination to do as little as possible for as much as is possible to get by fair or unfair means. A Boston hosiery manufacturer informs me that need for minimum spending and maximum production he adopted the expedient of raising the price of silk and lowering the price of cotton hose. He thought this a patriotic thing to do and would help people of moderate means. To his astonishment during the succeeding three months he sold 25 per cent more silk hose than before and about 20 per cent less cotton."

Union method in the United States has drifted from honest effort at collective bargaining at its inception to an organized labor autocracy that has placed a premium on inefficiency according to an address by Harry N. Taylor, president of the National Coal association which was read to the convention today.

"The radicals ride over the conservatives and the miners today are automatically governed thru fear by their radical officials and business agents," said Mr. Taylor in his telegram to the convention. "No more violence attempt at deliberate profiteering could be forced upon the public than this demand by these radical officials."

The United Mine Workers, in demanding an increase of sixty per cent in the present 8-hour scale, are now proposing to work only a six-hour day for five days a week for this increased daily rate. Six hours bank to bank means about five hours actual working time, no double shifts to be allowed, with time and a half for overtime and double time for holidays and Sundays.

Their proposition makes Saturday a holiday or double time. An example of what this demand means is as follows:

"The price now being paid for common underground labor such as driving a mule and shoveling rock is \$5 for 8 hours work or 62 1-2 cents per hour. This, plus sixty per cent would make \$8 for the six-hour day or five hours actual work or \$1.60 per hour or 156 per cent advance. For work on a Saturday or holiday it would be double time or \$16 per day or \$3.20 per hour for actual hours worked or an advance of 412 per cent."

## PLAN MEMORIAL TO ILLINOIS SOLDIERS

CHICAGO, Nov. 18.—The American Legion launched plans today for a nationwide athletic league to be composed of legion men and which will include every branch of sport known. Under present plans the nation will be divided into eight zones and elimination contests in these zones will be held and the winners will meet in the finals in San Diego, Calif. for a great athletic tournament in the fall. It is planned to make the California tournament an annual event, and in addition to athletic events an aviation meet is planned.

## SWIFT & CO. ALLOWED DAMAGES

Chicago, Nov. 18.—As a result of damages done to their plant by rioters in the railway strike of 1894, Swift & Co. today was awarded a \$13,500 verdict against the city. Claims for nearly \$1,000,000 damages growing out of the race riots last summer are pending.

## WYOMING MINERS RETURN TO WORK BUT WALK OUT AGAIN

Salt Lake City, Nov. 18.—Coal miners in the Wyoming district after returning to work, were persuaded by a little group of alleged radicals to walk out again, according to a report received today from Rock Springs, Wyoming.

## AMERICA'S ENTRY INTO WORLD WAR PREDICTED 1916

**Report Made at Time Dr. Albert Tells German Assembly.**

## HINDENBURG ALSO TESTIFIES

BERLIN, Nov. 18.—(By The Associated Press.)—Dr. Heinrich F. Albert, German under-secretary of state and formerly commercial attaché in the German embassy at Washington, predicted in 1916 with unerring accuracy the decisive effect America's entry into the war would have.

A report which he made at that time to the German government, read today before the sub-committee of the national assembly investigating war responsibility, gave clear warning of the feeling in the United States of America's efficiency of her financial powers and of her intense leanings towards the entente and declared that in case of America's participation, "neutral nations would side with America; the psychological effect would be felt at once; it would be a national misfortune and Germany would be defeated."

Dr. Albert asserted then that America could raise several army corps and that she could energetically support the allies with loans, that the Lafayette Flying Squadron, "that dangerous branch of warfare," without doubt would be vastly strengthened, and that America's transportation would be efficient and capable of increase.

Field Marshal Von Hindenburg, who was the star witness today had before him the task of answering six questions which were prepared before hand by the sub-committee. Among the things he said that Germany did not desire war and that Germany's defensive strength from the very start was unfavorable. It was the lack of cooperation between the army and interests at home which had influenced the defeat of Germany.

## Questions Asked Hindenburg

First—From what time did the upper army leadership consider sharpened submarine war unavoidable and for what reasons?

Second—Did the army leadership know of reasons against the submarine warfare from the declarations of Under-Secretaries of State Haniel and Albert. Why did the army leadership consider those declarations against submarine war as no longer sound?

Third—Why did the army leadership, as in the telegram of Von Hindenburg, Dec. 23, 1916 to Chancellor Von Bethmann the statement that the Wilson peace was "called forth by England," and not agree to the peace proposal made by the imperial leaders?

Fourth—Was the army leadership familiar with the various details of President Wilson's action, especially on January 9, 1917, as the decision to begin the United States war?

Fifth—Did the army leadership assume that England could be compelled to peace in July, 1917, as contained in the memorandum of the admiralty staff?

Sixth—General Ludendorff assumes in his book that on January 23, in a conversation from headquarters with the government that delay in the submarine war had not been demanded while Chancellor Von Bethmann, in his statement before the sub-committee declared that he had made such a demand. How is this contradiction to be explained?

The questions were read, the second was far the most interesting for it embodied long cable reports of Secretaries Haniel and Albert from America, under date of 1916, describing as experts what the effect of the submarine war would be. Haniel's report was read first. In it he said America despite its business sense and its English, and to some extent French ties was at heart sentimental, and that the unnumbered Americans with whom he had talked with were agreed that if Germany began U-boat warfare they would go to war, whereas if Germany ceased it they would compel England to remove the blockade. Any relaxation of Germany's previous relaxation of her U-boat warfare made in 1916 meant war with America in the opinion of all intelligent Germans in America, said the report.

Herr Haniel was firmly convinced that war with America would result from U-boat warfare, which America's supplies of money, material and food would be enormous.

Secretary Albert reported more strongly even in his communication of November 6, 1916, when he had agreed upon.

"If Germany can beat England," he said, "then war with America will make no difference. But thus far our boats have been unable to sink the British merchantmen. The blockade of England would be today from Rock Springs, Wyoming."

## MARTENS PROTESTS TO SECRETARY LANSING AGAINST TREATMENT

**Declares Rules of International Courtesy Broken in His Arrest.**

New York, Nov. 18.—Ludwig C. A. K. Martens, "soviet ambassador to the United States," today telegraphed to Secretary of State Lansing, protesting against his treatment at the hands of New York state's legislative committee investigating radical activities.

Martens complained that the rules of international courtesy had been broken in his arrest and charged that "indecent" efforts to prevent his statements had been made. He denied that he was engaged in an attempt to bring about the overthrow of the United States government. This followed declaration by Deputy Attorney General Berger earlier in the day that he believed Martens was a really disseminating propaganda here for the overthrow of organized government wherever found.

"Saturday, November 15 and Monday, November 17, I was, by threats of imprisonment, compelled to appear before some local investigating body of the State of New York, inquiring into my relations with the government."

"I have the honor to represent, 'the Martens telegram read, 'I principally object to and protest against the fact that such investigations by those conducting them are being exploited in a manner not consistent with truth or decency. Newspapers today carried glaring headlines stating that I admitted to the investigators that I was engaged in efforts to overthrow the United States government and I am informed that the committee in charge of the investigation has notified the state department to this effect."

"I have made no such admission and I could not have made such admission in view of the simple fact that I am not and my government is not in any manner whatsoever interfering with the affairs of the United States government and I protest against the indecent attempts by perversion of the truth to create false impressions in this report."

## SUSPECTED SLAYER OF LEGION PARADERS TAKEN INTO CUSTODY

**Jail Guarded to Prevent Any Attempt at Lynching Prisoner.**

CENTRALIA, Wash., Nov. 18.—(By The Associated Press.)—Bert Bland, I. W. W. fugitive and suspected slayer of Lieutenant Warren O. Grimm, one of the four American Legion paraders killed here Armistice day, was taken without a fight late today by Sheriff John Berry and a company of deputies. Bland is in the county jail at Chehalis.

According to Sheriff Berry, Bland was found in a cabin twelve miles northwest of Independence and is supposed to have taken refuge there yesterday after he was seen near Rochester and Kellogg Junction when he was driven forth to seek food.

The party which captured Bland included five men. These five apprised of Bland's refuge, surrounded the shack and sent a courier to bring reinforcements. Before these had arrived Bland had surrendered. The two parties met on the road to Chehalis, with the prisoner sitting between his captors.

Bland's physical condition is terrible, declare jail attendants. He is young and his rosy boyish face was seamed and drawn with the strain of the hunt and with lack of food and shelter.

Eight guards were placed at the county jail at Chehalis immediately after Bland's arrival. Bland is believed to know all there is to know of the Armistice day outrage. The guards are members of the American Legion.

## W. C. T. U. ENDORSE LEAGUE OF NATIONS

ST. LOUIS, Nov. 18.—The National Woman's Christian Temperance Union tonight adopted resolutions endorsing the league of nations covenant and urging world prohibition and enforcement of the dry law. Other resolutions adopted advocated a pledge signing campaign for total abstinence, a single standard of morality and that women, now that they have partial suffrage concern themselves with "principles rather than parties, recognizing that political parties are but the mediums thru which we express our convictions."

## BODIES RECOVERED

Green Bay, Wis., Nov. 18.—According to telephone reports received here from Escanaba, Mich., at noon today, 18 bodies, believed to be those of members of the crew of the missing ore carrier John Owen, have been recovered at Munising, Mich., on the south shore of Lake Superior.

## MOTHER KILLED BY AUTO WHILE WHEELING BABE

Davenport, Ia., Nov. 18.—Mrs. Jessie Egan, aged 36, was instantly killed last evening when struck by an automobile as she was wheeling her two and a half year old baby across Main street. The child had a miraculous escape.

## WILL FORCE MINERS AND OPERATORS TO REACH AGREEMENT ON WAGES

**Cabinet Gives Fuel Administrator Garfield Full Power to Force Conference to Reach Agreement—Full Meeting of Joint Committee Today.**

WASHINGTON, Nov. 18.—The government stepped to the front today to force miners and operators to negotiate a new wage agreement and resume work in the bituminous fields before the country is in the grip of a coal famine.

Clothed with all of his war time powers as fuel administrator and acting by direct authority of the president's cabinet, Dr. Harry A. Garfield called a joint meeting of scale committees at which he was expected to give formal notice that the time had come to resume mining operations on a normal scale.

While the joint conference was set for this afternoon Dr. Garfield found that a full attendance could not be obtained so it went over until tomorrow. Meanwhile word was passed that the strike situation reached that point where action was regarded as imperative. There was no evidence as presented to the cabinet that the scale committees called here last week to negotiate a new wage agreement, had made the least headway. Reports from the central competitive fields, embracing the states of Illinois, Indiana, Ohio, and Western Pennsylvania, showed all mines shut down and not enough coal coming from non-union plants in other states, to meet the normal demand by several million tons.

Other reports brought the same story of a rapidly vanishing coal supply, with indications that hundreds of industrial plants would be forced to close shortly unless normal coal production was restored. In the view of many officials the situation demanded drastic action.

It was said that Dr. Garfield was prepared to present the situation forcibly to the chief representatives of the mine owners and mine workers. There was no intimation as to what direct governmental action would take in case the deadlock continued.

Steps taken by Kansas to operate the mines under government authority and fear by both sides that other states would do likewise were urged as a strong reason for quick settlement of all wage disputes.

The operators' scale committee sent word to the miners that it was not ready to meet them in joint session. Commenting upon a statement issued tonight by their executive committee denying that the conference "is being held up because of differences and indecisions on the part of the operators," spokesmen for the operators declared their entire policy has been under consideration in their secret sessions.

The probable attitude of the administration and the fact that the miners have not returned to work were said to be the principal subjects which have occupied their time. The failure of the United Mine Workers to tell the men to return to their jobs was said to have left the negotiations in a virtually the same state as when the threat of a strike caused the break up of the Buffalo meeting.

Some of the operators held the view that the government, acting thru Fuel Administrator Garfield, as a "third party" to the contracts, and that the wage scale laid down by the Washington agreement could not be changed without the authorization of Dr. Garfield and assurances as to what charges would be allowed in maximum coal prices.

Other operators wished to know the views of the director general of railroads as the railroad administration is the largest single purchaser of coal in the country. The department of justice was the third government agency involved in the discussions, there being a strong feeling among the operators that the government had not fulfilled its duty in merely ordering the withdrawal of the strike order, but should prosecute vigorously miners refusing to go back to work. Plans to present this phase of the situation to the attorney general were changed when Dr. Garfield's call for a conference was received. The action of Governor Allen in throwing Kansas mines into the hands of a receiver admittedly was causing operators much concern. Henry N. Taylor, president of the national association and Fred W. Jenkins of Kansas City, president of the Southwestern Coal Operators' Association conferred with Assistant Attorney General Ames with respect to "legal phases" of the situation.

If Governor Allen can get the mines to work "that's fine," it was added that the operators would have no objection to a "no strike" agreement in which the operators would be bound to return.

Other officials expressed the belief that the Kansas miners would not go back unless their demands were fully met.

## ILLINOIS ODD FELLOWS ELECT OFFICERS

Springfield, Ill., Nov. 18.—Forrest B. Gore of Carlinville, Ill., was re-elected grand junior warden by the Grand Encampment of the I. O. O. F. today. He resigned the position two years ago to enter the U. S. Army.

Other officers elected were Samuel F. Erickson of Chicago, grand patriarch; O. C. Egeman of Carlyle, Grand High Priest; and Charles W. Byers of Springfield, Grand Senior Warden.

Samuel J. Baker of Olney and Charles D. Merritt of Salem were re-elected Grand Tribe and Grand Council patriarchs, respectively. Huntington James of Kankakee, Grand Representative for two years.

## 20 FOREIGNERS REFUSED NATURALIZATION PAPERS

Hillsboro, Ill., Nov. 18.—Twenty foreigners, all striking coal miners, were refused naturalization papers today by Circuit Judge W. T. Jett when he was informed that they had not returned to work following withdrawal of the strike order.

George Peter Sauerhoefer of Sangamon county has filed a petition to have his last name changed. Evidently this Illinois citizen feels that there is much in a name and that his lineage is too apparent. Generally speaking, there is no bitterness against the German people in America but somehow one cannot blame Mr. Sauerhoefer for his desire to be

known as Mr. Markland. The proposed name sounds better.

There is an increased interest in the suggestion that labor unions should be incorporated and become financially responsible for the contracts into which they enter. This suggestion comes from the employers' group but there is a good deal of justice in it.

The Red Cross is undertaking in a national way child welfare work. The plans will be made known in a definite way from time to time. Specialists will direct this work and there will be co-workers in every county and city of the land. Certainly the Red Cross society is taking hold of a vital problem, evidently with the realization that if many of the vexing problems of child life can be properly solved the solution of other questions which now worry society and civilization will naturally come in their wake.

A campaign for correct speech has been waged recently in a number of cities. Various methods were followed in seeking to correct especially with children the common errors in conversation. It is reported that there was not a vast amount of enthusiasm over these campaigns and there were no signally successful results. The reason is doubtless that more im-

portant things are now occupying the public attention and besides the people seem to be a little afraid just now of anything that savors of a "campaign."

## THE GOOD

I. O. O. F. RECORD.

A notable pageant was given in Springfield yesterday in commemoration of the 100th anniversary of Odd Fellowship. The occasion was notable and Odd Fellows from all parts of the state were in attendance.

Those who are familiar with the history of Odd Fellowship know the strength of the order and that it makes far better individual character and a higher type of citizenship. The impressive ceremonial yesterday did serve to give men and women outside of the organization a much better idea of its worth and strength and so the pageant was indeed a worth while bit.

## MINERS AT WORK

WOULD APPEAL TO PEOPLE.

President Lewis and his associate officers in the mining organization seem to have carried out the letter but not the spirit of the federal court order. They withdrew the strike order but thus far have given no intimation to the members of the union that they wish them to return to work. As a result, except in a few instances the miners have been "standing pat" and there has been practically no coal raised in union mines.

The cause of the miners would be distinctly strengthened in the minds of the people if the operations of the mines were resumed and certainly the cause of the miners in negotiating the new wage contract would in no way be weakened. It would be a matter of wise leadership for Mr. Lewis and his associates to use their influence to have the miners resume work so that the present shortage shall not become the more acute.

## THE SIGNS OF ORGANIZED EFFORT.

The organization of a livestock shippers' association in Morgan

county is an indication of the fact that farmers and livestock men are now working in closer cooperation than heretofore. Comment has been made from time to time on the impetus of the organization movement among farmers and this matter of making joint shipments of livestock shows that farmers are thinking and acting together, and that there is a tendency to cut out middlemen.

Under ordinary conditions the farmer who has less than a carload of livestock for shipment sells to a local shipper who of course must have his profit. Through the livestock association the shipper is eliminated and a fee less than he would figure as a margin is charged up for the expense of operations of the association.

As farmers get into this closer system of organization, so will they be able to better speak for themselves and to meet organized labor and organized capital at least upon common ground.

## MAYOR SMITH'S THEORY ABOUT RADICALS.

Mayor Smith of Omaha, who won fame a few weeks ago, while a rope was about his neck, by his refusal to surrender a negro prisoner to a mob, has his own opinions about radicals. His conduct has been of a kind to give weight to his views. He said recently:

"Labor must not be ostracized. The greatest mistake we could make would be to divide the community into two opposing camps. That situation undoubtedly would bring on new outbreaks.

"But we must keep out of public office all radicals who would seek to overthrow government and substitute anarchy. No punishment can be too drastic for agitators or social revolution.

"Foreign language newspapers and other publications making their appeal to the ignorant and un-Americanized immigrant form one of the most objectionable means of spreading revolutionary propaganda. I would like to see the day when it would be illegal for any foreign language publication to be carried thru the mails anywhere in the United States.

"Further, I am convinced that it is against public policy to permit aliens to reside in this country indefinitely and receive the benefits of our government without becoming American citizens. I believe laws are needed for deportation of all aliens who fail to take steps toward naturalization within a year or two after their arrival in this country.

"We should awaken to the fact that the radicals we harbor are a real menace to the lives of every member of this community. It is our duty to make Americans of them or deport them."

## Rippling Rhymes By Walt Mason

## THE WORLD MOVES

Nowadays we see the tractor doing duty like a charm; it's the most important factor in the business of the farm. Oh, we see the farmer sitting on a spring seat painted green, and a wondrous gait he's hitting, as he toils his weird machine. Horses look to him like fckers, and for mules he'd give no more; for he plows a dozen acres where a team would fall at one. As I view the mighty tractor olden times return to me, when I was a tragic actor in the scenes of husbandry. One old mule was my allotment, one old mule of brindled gray, and he knew just what a swat meant, for I larrupped her all day. All the weary day I whacked her, soaked her ribs, and then again, and I longer to have a tractor, which was not invented then. With a club her ribs I polished, hoping thus some speed to gain; but all schedules were abolished by that mule, and clouds were vain. All my better years were squandered in this slow and futile way; up and down the field I wandered, slow as goose grease, through the day. And the mule—at last I sacked her, and took up a fountain pen, sore because the useful tractor had not been invented then.

## THE OBSERVATORY

Two men have been convicted in New York of buying sugar at nine and three-fourths cents a pound and selling it at twenty-two and one-half cents. This looks like profiteering, and yet if they had to put the sugar into paper bags they probably lost money on the transaction.

The Germans are again singing "Deutschland Uber Alles." It is said, but not with the old time spirit. In fact they sing it as Americans have been singing "We Won't Go Home Until Morning" since prohibition came.

We celebrated the armistice because we thought it meant peace, and we celebrated the injunction because we thought it meant cool. But aside from a few things like that we humans are a pretty smart race.

Have you got your ticket for the special train to see Millikin Saturday? It will be some scrap, with Illinois standing the best show to win the big end of the score that she has had in a number of years.

## Envy.

A man from Osawatimie met an acquaintance from Tongaxoxie. The latter was shedding tears. "What is the matter, Emory?" he inquired.

"I have just learned that there is in Manitoba a place called 'Athapupuskow.'" was the answer. "Aw-hoo! hoo! hoo!" Thereupon his friend clasped hands with him, and they both wept bitterly.

## MISS FERRY IS BRIDE OF MR. BERGER

Well Known Jacksonville Girl and Rock Island Man Married Here Tuesday.

The marriage of Miss Dorothy Ferry of this city and Mr. John M. Berger of Rock Island was solemnized at the Church of Our Savior Tuesday morning at 7:30 o'clock. The service was held by Rev. Father Cahill. Miss Catherine D. Walsh of Springfield and Mr. William J. Shields of Jacksonville were the attendants. Miss Margaret Ring gave several organ selections and Miss Margaret Davidson sang the Ave Maria by Gounod. The musical program adding greatly to the impressiveness of the service.

The bride was gowned in blue tulle and her hat was of gold cloth. She wore a corsage bouquet of Ward roses. Miss Walsh wore blue tulle with hat of duvetyn and velvet, and her bouquet was of Ophelia roses.

The bride so happily married is the youngest daughter of Mr. and Mrs. M. Ferry and has spent all of her life in Jacksonville. She was a student at the parochial schools and Routh college, subsequently taking a course at Brown's Business college. For several years past she has held a position in the office of George S. Rogers. Earnestness and faithfulness in her work made Mrs. Berger a valued employee and the sincerity of her friendship and the kindness of her spirit have given her unusually wide popularity. So the friends who now join in congratulations are many, and they hope for her continued happiness in the home that is to be established at Moline.

Mr. Berger is the younger son of Mr. and Mrs. O. P. Berger of Rock Island, where he is an employee of the Chicago, Rock Island & Pacific R. R. Co. He was in the overseas service of the army, where he made an excellent record with the 58th artillery. He was released from the service only a few months ago.

Relatives of the young people were guests at a wedding dinner served at the Ferry home at noon Tuesday. Numerous gifts gave evidence of the esteem in which these young people are held. Mr. and Mrs. Berger left Tuesday afternoon for Chicago and after December 1 will be at home to their friends at 2301 Sixth avenue, Moline.

## Deaths

## Bruening.

The Elgin has always been a non-partisan leader in the Light Six field.

In other words, its popularity has not been restricted to any one particular class of buyers. Folks who might well afford higher priced cars buy Elgins.

Where moderate means might have influenced others to invest in cheaper cars, Elgins have been bought in preference—for it is found that economy in the long run is so much better. Where appearance counts for most, the Elgin has become a favorite.

Where greatest attention is directed to mechanical details, experienced heads have exhibited a decided preference for the Elgin.

Jeff Duckett and Chester Williams are on the jury this week.  
Miss Mary Thorndike has returned to California, after making an extended visit.  
The mass meeting has been changed from Friday night, Nov. 21, to Wednesday night, Nov. 19. Everybody come. Then vote on Saturday, Nov. 22, for the community high school. Polls open from 6 a. m. to 5 p. m.

**PLAN NATIONWIDE ATHLETIC LEAGUE**  
Chicago, Nov. 18.—A huge system of colonades in Grant Park, with the names of fallen Illinois heroes in the war and their records on panels between the colonades is proposed as a fitting memorial by the committee which is to work out plans for some permanent structure in honor of Illinois soldiers, sailors and marines.  
The names of Colonel Milton J. Foreman, commander of the Illinois division of The American Legion and colonels of other Illinois regiments were added to the roster of names of the committee.

**COST OF LIVING STILL SOARING**  
Washington, Nov. 18.—Despite the government's campaign to reduce living costs, the prices of many articles of food showed further advances in October. The monthly report today of the bureau of labor statistics listed increases as follows:  
Eggs and rice six per cent each; potatoes and raisins 4 per cent; evaporated and fresh milk, coffee and prunes 3 per cent; pork chops, butter, corn meal, sugar, 2 per cent; and canned salmon, oleomargarine, cheese, bread, macaroni and oranges 1 per cent. Ham, nit margarine and tea showed an increase of less than 5-10 of one per cent.

**C. S. CONSUL AT BAHIA, BRAZIL DEAD**

**OFFICIAL FIGURES ON POLICE QUESTIONS**  
Springfield, Ill., Nov. 18.—Official figures compiled today in the office of Secretary of State Emerson show that the three public policy questions voted on November 4 carried by majorities ranging from 60,618 to 37,213.

**CABINET GOES OVER MEXICAN SITUATION**  
WASHINGTON, Nov. 18.—The whole Mexican situation including the arrest of William O. Jenkins, American consular agent at Puebla, and oil legislation was discussed by President Wilson's cabinet but if any decision was reached it was not made known.  
Secretary Lansing who presided refused to say what took place but Secretary Glass said the government apparently was unable to "find out anything" about the Jenkins case.  
Some time after the cabinet adjourned, the state department announced that the acting minister of Mexican foreign affairs had informed the American embassy at Mexico City that the state authorities at Puebla had been instructed not to molest Jenkins, who previously had reported that he was being restricted to his home by the state officials.  
The foreign minister's action followed delivery of a protest from the state department sent after Jenkins was arrested but just what it would amount to was not made clear.

**CONDITION UNCHANGED**

Galesburg, Ill., Nov. 18.—The condition of Harry Williams, who was seriously injured in a football game here with Peoria Manual, last Saturday, is practically unchanged. He was conscious this morning and was able to recognize his mother and nurses. It was reported this afternoon that he has a slight fighting chance, although the physicians entertain little hope for his recovery.

**COMPROMISE MOVES ARE STARTED TO SAVE PEACE TREATY**

(Continued from Page One.)

pressed to quick action and to have been particularly insistent counter proposals be in his hands tonight, so that a compromise could be worked out before the committee resolution came to a vote.  
How the president would regard the committee reservations with the preamble stricken out also was uncertain, but it was learned he had written a letter to Senator Hitchcock which the latter will lay before a conference of Democratic senators tomorrow morning. The modification plan of the Democrats is understood to make it possible for the other powers to accept the reservations by mere "acquiescence" rather than by a specific exchange of notes.  
Giving notice of this country's withdrawal unless member nations provided for an advisory vote of the people before entering war.  
Requiring nations to reduce their military and naval establishments.  
Withdrawal by the United States in the event a member nation attempted to acquire the territory of a non-member nation.  
Without which the United States if any member exercising a mandate or protectorate over any country should appropriate that country's actual resources.  
A reservation by Senator Walski, Democrat, Massachusetts, to declare the league could not hamper free speech or a free press was rejected 42 to 36. Six Democrats supported it.  
By vote of 52 to 31 the senate reaffirmed its previous action in accepting the committee's reservation relative to mandates. Senator Hitchcock voted with the majority for the purpose, it was said, of enabling him to move for a reconsideration later if he thought desirable.  
The practical result would be, it was said, to provide for tacit acceptance which could be taken or granted unless the other nations protested.  
Adjourned at 10:15 P. M.

At 10:15 p. m. the peace treaty was closed to debate and further amendments and the senate adjourned until noon tomorrow when the ratification resolution will be taken up.  
Six reservations all by Senator LaFollette were voted down after many roll calls.  
These were: To prevent the United States offering aid in putting down rebellion in Ireland, India, Korea, Egypt, or any other possession looking to a change of government.  
Providing for withdrawal of the United States from the league within a year unless the member nations abolished conscription.  
At nine o'clock tonight after the senate had been in continuous session for eleven hours consideration of amendments in committee of the whole was completed and the treaty was formally reported to the senate.  
The question of approving the fifteen reservations adopted in committee of the whole was then taken up, each reservation being considered separately. An effort by Senator Hitchcock to strike out the preamble requirement for acceptance by other nations was voted down 45 to 36. The Republicans opposing it solidly except for Senator McCumber of North Dakota. The senate without a roll call then agreed to all fifteen reservations except those relating to mandatory domestic questions and the economic boycott. Separate votes were taken on these three reservations.  
The domestic question and boycott reservations were agreed to without a roll call after the senate had eliminated from the former amendment offered by Senator Hale, Republican of Maine and adopted in committee of the whole declaring the United States reserved exclusive jurisdiction over the question of its boundaries. The amendment was stricken out on motion of Mr. Lodge who said that after mature consideration he believed it went too far.

have to last a long time and be supported loyally and if Japan can be induced by England to keep its fleet at home America has the possibility of sending its ships to European waters. America's transportation without doubt would be efficient and capable of increase and she will throw all her ammunition to France.  
Not to forget the wonderful American automobile industry, the giant Ford factories and other machines which would help in winning the war.  
"Neutrals would side with America. The psychological effect would be felt at home. It would be a national misfortune, and, at the end, Germany would be sure to be defeated."  
In his testimony General Ludendorff said that the high command had been freed from beginning the U-boat campaign because the chancellor at that time feared an attack by Holland and Denmark and there were then no troops to meet new enemies. The high command was skeptical regarding President Wilson's peace move, but expressed approval of this and also approved Germany's peace move and endeavored not to thwart political peace steps. He had always regarded Count Von Bernstorff's activities as sympathetic. He believed that Von Bernstorff had not furnished the chancellor with correct information. This impression was strengthened when Von Bernstorff told the committee yesterday that America could only have been held aloof from the war by entrusting President Wilson with the role of intermediary for peace. General Ludendorff pointed out this was not mentioned in Von Bernstorff's reports.

**WILL CONSIDER HINES' OFFER NEXT MONDAY**

CLEVELAND, O., Nov. 18.—At the final sessions today of a two day conference of the chiefs of the four railroad brotherhoods, plans were completed for the meeting here next Monday of the five hundred general chairman of the four organizations to consider Director General Hines' offer of an increase in wages.  
Today's sessions was devoted to consideration of an offer of Director General Hines for time and a half for slow freight employees and the disposal of a large mass of routine and joint business affecting the four organizations accumulated during the past three months past by the absence of the executives in Washington.  
The question of continuing a board to handle grievances on Canadian railroads composed of operating officials and representatives of the four brotherhoods, similar to the Canadian war labor board was discussed and a ballot was prepared for mailing to the members. Canadian Railway officials are said to be practically unanimous in favor of the plan which would compel the submission of all grievances to the board.

**PLAN AIR TRIP FROM ITALY TO AMERICA**

CHICAGO, Nov. 18.—Captain Ugo D'Annunzio, son of Gabriele D'Annunzio, Italian poet-aviator, and present master of Fiume, said here today that C. Caproni, Italy's largest aircraft producer is planning a flight from Italy to the United States next May or June in a great airplane being constructed for the journey. The captain said he would be a passenger in the plane and would sail next month for Italy. The result of Italy's general elections would make little change in his father's plans, the younger D'Annunzio said.

**CHICAGO GRAND OPERA SEASON OPENED**

CHICAGO, Nov. 18.—Special interest attached to the American premiere of the Opera LaNave (The Ship) which opened the ninth season of the Chicago Opera association tonight. Opera goes divided in the regard between Italo Montemezzi, the composer, who was present and conducted, and Gabriele D'Annunzio, the Italian sea-warrior hero a central figure in European military and political affairs in connection with the Dalmatian problem.  
D'Annunzio wrote the libretto on which the drama was based.  
Appearing in the principal roles were Rosa Raisa, Alessandro Wolci and Giacomo Rimini.

**WHEAT RECEIPTS SHOW DECREASE**

NEW YORK, Nov. 18.—Wheat receipts from farms for the week ending November 7 amounted to 15,460,000 bushels, a decrease of 3,359,000 over the previous week, the United States grain corporation announced tonight. In the same week in 1918 the receipts were 12,673,000 bushels.  
Production of flour for the week totalled 3,209,000 barrels, a decrease over the previous week of 131,000 barrels but an increase over the same week of last year of 1,015,000.

**HOUSE WILL ADJOURN TODAY**

WASHINGTON, Nov. 18.—The senate tonight adopted a resolution authorizing the house to adjourn at any time between now and December 1st. The house will adjourn sine die tomorrow but before doing so will pass a resolution authorizing the senate to quit when it sees fit.

**FAVORS REDUCTION ON RATES**

Chicago, Nov. 18.—Attorney General Brundage today sent a letter to the state public utilities commission recommending that the rate of fare be reduced on the Chicago surface lines. He calls attention to what he describes as the "exorbitant profits" of the companies under the seven cent fare and suggests that tickets be issued to save street car patrons from delay in waiting for change.

**SEVEN AUTOISTS KILLED**

Buffalo, N. Y., Nov. 18.—Seven occupants of an automobile, including six nurses returning from a social affair were killed when the car was struck by a train at a grade crossing on the outskirts of the city early today. The pilot of the engine caught the automobile and carried it down the track a quarter of a mile, spilling the occupants and crushing them to death.

**LEGION MEMBERS IN RAID**

Cincinnati, O., Nov. 18.—Three hundred members of the American Legion led by their officers raided headquarters of the Socialist party here tonight. Hundreds of pounds of literature were thrown to the street where it was burned.

**REVOLUTION REPORTED IN VLADIVOSTOK**

Washington, Nov. 18.—Revolution has broken out at Vladivostok, according to information received by the state department today. Thus far only Russians are involved, the advices said.

**PROMINENT PONTIAC PHYSICIAN KILLED**

Bloomington, Ill., Nov. 18.—Dr. J. R. Ross, prominent physician of Pontiac, Ill., was killed at 11:20 a. m. when he was hit by a special train bearing Judge R. H. Lovett, president of the Union Pacific enroute from Springfield to Chicago. The accident happened at Howard street crossing in Pontiac.

**Peculiar to Women**

Many women continually bear the burden of distress and pain with fortitude just because they are women. Few of them realize that their ailments are due primarily to disturbed nerve function that can easily be corrected so that they may be free of the nerve-racking, system-wrecking spells that make life miserable for them periodically.

Most women can be strong, healthy, happy and vigorous, because their highly nervous and complex organism readily responds to Chiropractic Adjustments that offer a safe and effective means of restoring normal function.

Chiropractic (Chi-ro-prak-tic) corrects the cause by adjusting the spine and relieving the nerves of the bone pressure, which disturbs the nerve function. With the pressure removed normal function is restored and Nature builds up and strengthens the system. Acute and chronic cases are handled by Chiropractic in Nature's own way. Operations, drugs and instruments are needless in

**CHIROPRACTIC**

in for a full share of admiration,  
their plump bodies showing off to  
good advantage. Then there is a  
pen of White Orpingtons which  
they proudly declare can't be ex-  
celled in the state. The Buff  
Cochins, the Partridge Wyand-  
ottes, White Leghorns and An-  
conas are all superior birds and  
attract no small attention from  
visitors.

And now don't forget the bun-  
nies for this is the first time they  
have been coupled with a poultry  
show and many do claim there is  
actually money in them reared  
for the table. The New Zealand  
Reds are there; the Flemish Gi-  
ants in all colors and some tipping  
the scales at 18 pounds each; the  
well known Belgian hares, the  
Dutch rabbits, the Himalayas  
away from far off India, white,  
with black noses, feet and tails,  
and not very large; the Zug  
White Cavies and other varieties  
make a decidedly attractive show-  
ing well worth seeing.

Of pigeons there are 14 vari-  
eties, among them the graceful  
homing birds, the White Mon-  
daines, Hen Pigeons, Pouters,  
Pouter Silver Caraxes, and vari-  
ous others. This department is  
very well represented.  
Chauncey Carter has a pen of  
Toulouse geese which are much  
admired. The exhibition is to  
continue this week and should  
be largely attended. It is need-  
less again to dilate on the value  
of the humble hen. Right now  
when dealers are paying sixty  
cents a dozen for eggs there is  
some value to a laying hen. Re-  
member again, admission is free.  
J. Cain's Sons and McNamara

## THE RAILWAY WORLD

Judge R. H. Lovett, president  
of the Union Pacific system, and  
one of the most prominent fig-  
ures in the railway world, started  
out from Kansas City Monday  
morning in a special train for an  
inspection tour of the Chicago &  
Alton. W. G. Bied, federal man-  
ager, and A. P. Titus, general  
manager of the Alton, accompan-  
ied Judge Lovett and party.  
Judge Lovett recently resigned  
his position with the railroad ad-  
ministration as a member of the  
advisory committee on purchases  
and resumed active control of the  
Union Pacific again. He had not  
inspected the Alton since before  
the war. The Union Pacific ex-  
ercises a controlling interest over  
the Alton and keeps in touch  
with the expenditures and gen-  
eral management. With the ear-  
ly return of the railroads to pri-  
vate ownership it is presumed  
that Judge Lovett wishes to get  
a line on what has been done in  
the way of betterments while un-  
der government control and as-  
sist in the adjustment of accounts  
with the government. There is  
at present a controversy in re-  
lation to the amount of the allow-  
ance and this will require some  
time to adjust. Judge Lovett, in  
the special train, reached Rood-  
house shortly after noon and the  
special moved to Springfield to  
tie up for the night. The inspec-  
tion was resumed yesterday, the  
special moving to Chicago. Con-  
ductor Harry Ruyle will handle  
the special for the movement over  
the eastern division.

When the strike of coal min-  
ers was called November 1st, the  
Chicago & Alton Railroad com-  
pany had about forty cars of coal  
tied up in the Springfield district,  
and at Murrayville, which was  
billed to Jacksonville dealers,  
State Institutions and Hospitals  
here. Local Agent D. C. Diltz  
reported yesterday that he had  
succeeded in having every one of  
them released and most all now  
unloaded and in the bins. This  
prompt action on the part of The  
Only Way and Mr. Diltz speaks  
well for the business ability and  
public spiritedness of both the  
road and the local agent.

## Postpone Time Card Meeting.

The proposed time card meet-  
ing, arranged for today in Bloom-  
ington, has been postponed, per-  
haps for a week. When the date  
was first selected the officials over-  
looked the fact that the semi-  
annual meeting of the American  
Railway Association is to be held  
in Chicago on the same date. The  
spring meetings are always held  
in New York, and the fall meet-  
ings in Chicago. This is an op-  
erating organization and includes  
the leading officials of the United  
States. Many important ques-  
tions are discussed. General Man-  
ager A. P. Titus and General Su-  
perintendent W. G. Hurst plan to  
attend. A new date for the time  
card conference will be announce-  
ed later.

## Meet Trainmen November 25.

The adjourned conference of  
the Alton officials and general  
committees of the conductors and  
trainmen will be called to order  
in Bloomington on Tuesday, Nov.  
25. The first session adjourned  
after a two days discussion of the  
new schedule. It is now proposed  
to remain in session until the  
schedule is adopted.

## Secure Eastern Coal.

The Chicago & Alton has been  
able to purchase forty cars of  
Pocahontas coal, mined in Vir-  
ginia. This coal was bought Sat-  
urday and the major portion sent  
to Bloomington. It is very much  
different from the soft coal mined  
in Illinois and Master Mechanic  
M. J. McGraw has issued instruc-  
tions to firemen to see that the  
fires are kept raked and avoid  
burning the grades. This is a high  
steaming coal, but requires some  
care in handling.

## COLLECTION OF ART WORKS ON EXHIBITION

Work of Freida Gugler Are  
Shown at Home of the Art As-  
sociation—No Admission Fee  
Charged.

It is with sincere pleasure that  
the art loving people of Jackson-  
ville and all who are honestly in-  
terested in the genuine advance-  
ment of the city in esthetic as-  
well as the practical directions wel-  
come the revival of the art soci-  
ety, if such it may be called. The  
generous gift of Dr. David Strawn  
has made possible a home for the  
association and eventually it is  
hoped that the spacious edifice  
he so generously gave will all be  
occupied by the true and the beau-  
tiful.

As has already been announced,  
there is now on exhibition a rare  
collection of works by the noted  
artist, Freida Gugler, a student  
first in her own place, Milwaukee,  
then graduating from the Art  
Institute in Chicago; then study-  
ing with William Chase in New  
York and other artists in Paris,  
Munich and Italy, she comes be-  
fore the people as an artist of the  
first class.

The especial collection now on  
exhibition deals mostly with sub-  
jects in Venice, once the "Queen  
of the Adriatic," and even yet pos-  
sessing many evidences of great-  
ness though no longer the seat of  
so much business as of old. Pass-  
ing about the room devoted to her  
works one gazes on the strange  
architecture of St. Marks and then  
takes a gondola ride about the  
Grand Canal passing under the  
great bridge at the Rialto and he  
can easily imagine he hears the  
confemptions words to Shylock  
as the crafty old Jew sought to  
get revenge on his hated Chris-  
tian adversary. The palaces, even  
yet beautiful though not the  
scenes of gaiety they once were;  
the bridges and the various scenes  
about the dreamy old city are  
wonderfully portrayed by this  
talented artist.

Gazing into the face of the vi-  
sitor as he enters the room is a  
portrait of Dr. David Strawn by  
the noted portrait painter, Gary  
Belcher, of world-wide celebrity.  
At once it is to be seen that it is  
the work of a master hand and  
so it is for Mr. Belcher's fame  
extends over two continents. It  
is one of the rare treasures of the  
association.

The collection will be open to  
the public from one to nine each  
afternoon till next Tuesday, ex-  
cept Sunday and it should be seen  
by a large number of persons.

**IDEAL Hog Waterer**  
Saves 25%  
on Feed For  
Hogs

Takes the chill off the  
water the hogs drink.  
Enables them to put on  
the same flesh with one-  
fourth less feed. Cold  
water chills their stom-  
achs, stops digestion,  
lowers body temperature.  
Hogs on cold water have to turn more corn into fuel to keep them warm,  
make slower growth and yield smaller profits. An Ideal waterer will save  
this extra feed and save you time and labor chopping ice. Most modern and  
efficient waterer for every day service ever made.

## See This Waterer NOW!

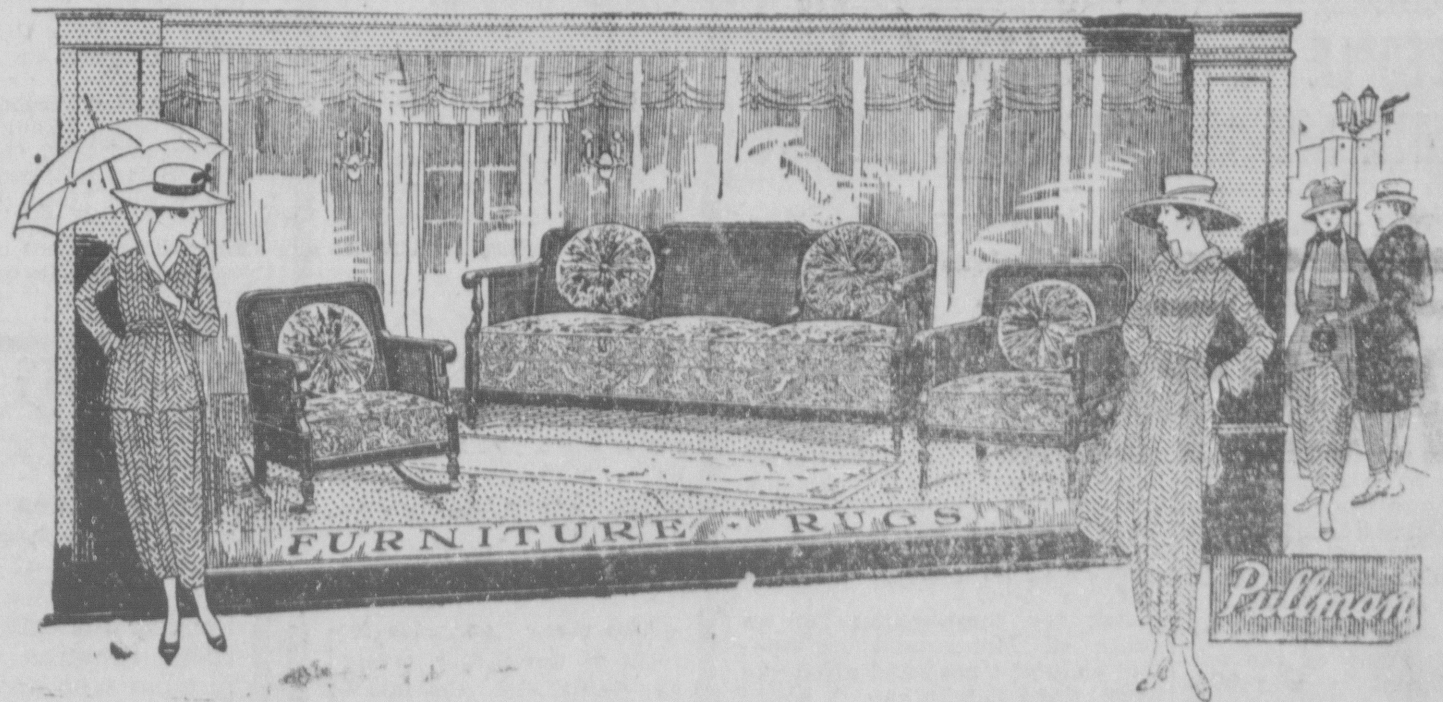

It's made right. Supplies clean water with the chill off when the tem-  
perature is 40 below. Made of heavy galvanized steel in sizes to suit all  
needs. Special lamp heater furnished.  
Hogs and corn are real money this year. An Ideal Waterer will make you  
heavier hogs on less feed. Call and see them next time your in town.

## DON'T BE A "MISERY-FACTORY"

Top Headaches, Bilious Spells, Colds and Constipation with "Cascarets"—Ideal Physic!

You men and women who can't feel right—who have a headache, coated tongue, bad taste and foul breath, dizziness, at sleep, are bilious, nervous, at upset, bothered with a sick, assy, disordered stomach and bowels clean with Cascarets, or are you keeping your liver and bowels clean with Cascarets, or are you keeping your insides very few days with Calomel, salts, Oil or violent Pills?

Cascarets work while you sleep; they cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels which is now keeping you in constant misery. Cascarets never gripe, sicken or cause inconvenience and Cascarets cost so little too.

## TEACHES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

an Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## CALLED GREATEST FEAT OF GREAT WAR

Marshal Foch's Opinion of Sergt. York's Single-handed Battle with Battalion.

"What you did was the greatest thing ever accomplished by any soldier of any of the armies of Europe," said Marshal Foch to Sergt. Alvin C. York, 328th Infantry, 82nd Division, when, on April 24, 1919, he pinned on his breast the croix de guerre. The story of his feat will be told at the Central Christian church on Saturday, November 29 at 8 p. m. under direction of the Rotary club when Sergt. York will lecture for the benefit of mountain education.

What York did was to meet, single-handed, a whole German machine gun battalion. He pitted himself, with his rifle and his automatic pistol, against thirty-five machine guns and more than 150 machine gunners. When the smoke cleared away he had captured 132 of the gunners, including four officers, had killed more than twenty of them, and had put out of action the 25 guns which were holding up the advance of his regiment in the Argonne fighting on October 8, 1918.

For his achievement, declared by General Pershing to be the greatest individual exploit of the war, Sergt. York received the Congressional Medal of Honor, the Distinguished Service Cross and decorations at the hands of the French and Italian governments.

He was welcomed and feted on his return to the United States as no other soldier has been. He was offered a fortune to commercialize his fame in vaudeville or the movies or otherwise.

Through it all he remained cool, unfurried, unabashed. He kept his head and returned to his mountain home in Pentress county, Tennessee, where his mother and his sweetheart and the people of the little mountain congregation whose elder and choir

leader he had been awaited him. It was these his mother, the girl he was to marry and his church, who interested him more than the fame and riches offered him.

On his return he found that there had been no school in his part of Pentress county for two years. He found the boys and girls were growing up without the opportunity of an education, and it started him to thinking. Out of that thought was born the Alvin York Foundation, a corporation chartered under the laws of Tennessee for the purpose of maintaining a school or schools for the boys and girls of the remote sections of the Southern Appalachian highlands.

York wants nothing for himself, but he does want to see that the young people of his home country get the chance at an education that they deserve.

## STOMACH ON A STRIKE

"Pape's Diapiesin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizziness and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapiesin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antidote is Pape's Diapiesin, which costs so little at drug stores.—Adv.

## Matrimonial

## Lonergan-Smith.

William F. Lonergan of Murrayville and Miss Nora B. Smith of Manchester were united in marriage at St. Bartholomew Rectory, Murrayville, Tuesday evening at 6:30 o'clock by the Rev. Father Flynn. They were accompanied by Jesse Tarzwell and Miss Mary Lonergan, a sister of the groom.

The groom is a well known resident of the Murrayville neighborhood. He was one of the first men from that vicinity to enter military service and served until the close of the war. He is a farmer by occupation and highly regarded in his home community.

His bride is a well known young woman of Manchester and is highly esteemed by a wide circle of friends.

After a brief wedding trip they will reside on a farm east of Murrayville.

## Norman-Higginbotham.

A very pretty but quiet wedding was solemnized on Monday, November 17, 1919 at 10:30 a. m. at the home of Mr. and Mrs. Frank Calvert, 3635 Humphrey street, St. Louis, Mo., when their niece Miss Hazel E. Norman, formerly Mrs. Hazel McCarthy became the bride of Mr. Bert F. Higginbotham under a large wedding bell with a bank of ferns as background. After the solemn vow was taken which united them for life they were ushered to the dining-room where a four-course dinner was served. The bride and groom received many handsome and useful gifts which show the high esteem in which both are held. Mrs. Higginbotham is the oldest daughter of Mr. and Mrs. John Norman, 213 West North street, this city. She has always made her home there until last July she went to the city of Terre Haute, Ind., where Mr. Bert F. Higginbotham has lived most of his entire life. He is an employe of the Vandalia Railroad Company of Terre Haute, Ind. After a quiet little honeymoon trip they will be at home at 629 Chestnut street, Terre Haute, Ind.

## Relief in 20 Minutes

Science added Menthol, Wintergreen and other healing oils, the fumes of which, inhaled, give instant relief inside, where the real irritation is. At the same time the goose-grease and turpentine set up a counter-irritation that draws away the soreness.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

## DIGGINS WILL CASE CAME TO CLOSE

Trial Halted When Complainant Decided to Dismiss — Some Docket Entries.

The proceedings involved in the will of the late Robert Diggins of Concord came to a close in the circuit court yesterday. The docket entry shows that the suit was dismissed by the complainant. Before the case was given to the jury the trial came to an end by agreement. The title of the case was Letha M. Caldwell vs. William H. Diggins et al. The defendants, it is understood, paid the expenses of the complainant.

In a previous proceeding the jury found that the will was not valid but since in the view of the court the evidence did not justify such a verdict, the motion for a new trial was entertained by Judge Jones and granted.

Other court orders yesterday entered by Judge Smith were as follows:

In the appeal case of Thomas P. Reep vs. J. W. Ward and Carl E. Black the suit was dismissed by the plaintiff.

In the suit of the people of the state vs. John A. Moss et al., returned from the supreme court, demurrer was entered to the pleas filed by the state.

In the appeal case of the Bureau of National Literature vs. Charles DeSilva, the suit was dismissed for want of prosecution. Subsequently the complainant entered a motion to set aside the order.

In the assumpsit suit of Louis L. Ginsberg Co. vs. H. S. Greenstone, leave was given to the defendant to plead instant and the plea was filed.

### Chancery

In the partition proceedings of Elizabeth Langton et al. vs. David G. Kitter, et al., supplemental petition for distribution was filed.

In the estate of Henrietta Duckels, the objections of Neil S. Duckels to the report of George Ball as trustee were overruled, as to the objections filed August 9. Leave was given the complainant to file objections to the report of the trustee dated in June.

In the divorce proceedings of George Birdsall vs. Pearl Birdsall the decree was rendered and approved, and the cause stricken.

In the divorce proceedings of Arthur Corbin vs. Dora Corbin, the decree was rendered and the cause stricken.

In the partition proceedings of Fred G. Tholen vs. Rosa Engelbrecht, et al., all adult defendants were called and order of default entered against them and the cause was referred to the master.

In the partition proceedings of Gregg L. Tindall et al. vs. E. M. Tindall et al., the master's report was approved.

In the matter of the bill of Maurice B. Obermeyer et al. vs. Clifford R. Obermeyer, et al., order of default was entered against F. B. Six and L. O. Vaughn was appointed guardian ad litem for minor defendants. The cause was referred to the master.

In the divorce suit of Bertha Fearneyhough vs. Charles Fearneyhough the prayer of the original bill was denied and the prayer of the cross bill granted. The decree in accordance with the cross bill was entered and the cause stricken.

In the matter of the trusteeship of Emma G. Smith vs. Laura E. Smith et al., the cause was referred to the master.

## FINDING MADE IN WILLIAMS WILL CASE

Supreme Court Rules That Bequests to Foster Daughter Are For Life.

The Supreme Court recently rendered an opinion in the case of Thurlow H. Pratt, administrator of the estate of Addie Wing Williams, vs. The Woman's Board of Missions of the Interior et al., which is of interest to many people here. By her last will she gave to her foster daughter, Mrs. Daisy Emerich Charlesworth, her residence on Westminster street and \$3,000 in money; but by a codicil she provided that Mrs. Charlesworth should enjoy the property for life and what was left at her death should become the property of said Woman's Board of Missions and others.

Judge Jones decided that said sum of \$3,000 should be paid over to Mrs. Charlesworth by the executor and that she should have the use of the home on Westminster street with the right to dispose of it, and use the proceeds if necessary, and only what was left of the property at her death, including the proceeds of the real estate, should become the property of The Woman's Board of Missions.

The Supreme Court reversed the judgment of the lower court, holding that Mrs. Charlesworth had only a life interest in the property, with no right to dispose of the real estate or to use the principal of the pecuniary legacy; that the legacy should be held by a trustee for her life and that at her death the whole property unimpaired should become vested in The Woman's Board of Missions of the Interior. Worthington, Reeve and Green represented the Woman's Board of Missions.

## VISIT IS PAID TO EBENEZER SCHOOL

Old Building Has Given Way to Modern and Up to Date Structure.

One of the first seats of learning in this county was a school taught by Rev. Peter Akers about or exactly where Ebenezer church now stands and the spirit of that good man and his school, some of the pupils Indians, has descended to the district school which still goes by the name of Ebenezer and is capably taught by Miss Ethel Zenor. The writer had the pleasure of a visit at that school yesterday morning and it was a pleasure indeed. The old building in which the young ideas were guided so long has given way to a modern, up to date structure in conformity with the law of the state and it is very pleasant for all concerned.

The building is well situated on a hill with good outlook and one of the next things that will fall to the directors will be the planting of some suitable shade trees about the yard which otherwise is all right. The schoolroom lacks maps of any kind and pictures of eminent men and scenes. These are a great source of education for the children and should be in every building of this kind. They have a dictionary and some books which are all right and useful. When the directors, Messrs. J. E. Houston, president; W. W. Henderson, clerk; and Austin Patterson, get a little time they will no doubt attend to these minor affairs. They remodeled the schoolroom without vestibules tho they had wardrobe hooks along the wall and a set of shelves for dinner pails.

The boys and girls composing that school are bright and indeed will rank as a credit in the estimation of the writer. They answered quite intelligently the questions asked them and showed great interest in all that was told them, and then, what the visitor liked so much, asked him a number of questions at the close. It was honestly hard to get away from that school as each pupil seemed to have something to ask or answer. They showed good intelligence in the questions they asked and the way they and were on the alert to learn and understand and as the caller was leaving they politely carried out his suitcase, untied his horse and showed that they had been well trained at home.

The pupils are: James Bell, Zeddie Bell, Milton Birdsall, Theodore Bidsell, Sammy Coe, Paul DeFrates, Harold DeFrates, Leroy Ferreira Willson, Henderson, Allan Henderson, Russell Houston, George Houston, William Barcroft, Raymond Long, Elmer Long, Clarence Moss, Claude Shaw, Dorlina Bell, Mary Bell, Odessa Birdsall, Dorothy Birdsall, Jewel Coe, Evalena Ferreira, Esther Houston, Sarah Houston, Dorlina Long, Minnie Long, Esther Mason, Margaret Shibe, Fanny Long.

### FACTS ABOUT FURS

## NURSE MAKES FACTS PUBLIC

Was told Operation Was Her Only Hope—"Tanlac Is Wonderful," She Says.

"Speaking from personal experience," said Mrs. D. L. Travis, a well known nurse, residing at 721 Seventh Ave., Peoria, Ill., in a conversation recently. "I know Tanlac to be a most valuable medicine and I feel it my duty to give the facts to the world."

Mrs. Travis is only one of a great many in her profession who have endorsed Tanlac. She has been nursing the sick for eighteen years and her statement, coming as it does, from one of such wide experience, will be read with interest everywhere.

"It is my honest belief," continued Mrs. Travis, "that there are millions of people who, if they only knew Tanlac as I do since using it myself, would lose no time in relieving themselves of their misery as I have done."

"The way I happened to know of Tanlac was through a noted physician. At this time I was suffering from what was said to be chronic appendicitis, which had troubled me for seven or eight years. I would become so nauseated—almost deathly sick—after eating that it was a common thing for me not to be able to retain my food. I am speaking now of the last stage of my suffering, after reaching the condition where an operation seemed unavoidable. But, previous to this time and for several years my health pains were very poor and it was an effort for me to stay on my feet and practice my profession. I did it under the strain of suffering and when I came off from a case I was always so completely tired out, exhausted, and nervous that I thought each case would be the last."

"Finally, a few months ago, I gave up completely, took to my bed and arrangements were being made for an operation, as it was thought I would never recover without it. At this point my physician and friend advised me to try Tanlac for a few days. Knowing he would not advise me wrong I ordered a bottle at once and two days later my suffering was letting up. These terrible pains began to leave, the swelling and bloating commenced to go down and in a day or two more I changed from liquid diet to some more nourishing and substantial food. From that time on I recovered in a way that was actually astonishing to those who attended me. In all I have taken about seven bottles of this medicine and today I am as well as one can be. My lost strength has returned, my nerves are perfectly calm and no one could get more restful sleep than I do. My appetite is fine, I enjoy all my meals and I never suffer in the slightest degree with my stomach or in any other way. Nothing would keep me from praising this wonderful medicine."

Tanlac is sold in Jacksonville by Coover & Shreve, in Mercedosia by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by Wyle Drug Co., in Woodstock by The Hoy Pharmacy, in Chapin by Jno. Onken & Bro., and in Alexander by Frank J. Kaiser.—Adv.

### Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

### SORE THROAT, COLDS

Quickly Relieved by Hamlin's Wizard Oil.

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and red, aching feet. Soothing, salting Wizard Oil will always bring quick relief.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver pills, pleasant little pink pills, 10 cents. Guaranteed.—Adv.

### How Many Women Do You Know

who can say they are perfectly fit? "I am tired all the time," "I am so nervous," "It seems as though I should cry," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their strength until headaches, dizziness, nervousness, dragging-down pains, irregularities and the like, symptoms of a female weakness, have developed. Women are in this condition may restore their health by using Lydia E. Pinkham's Vegetable Compound to restore their health and strength.—Adv.

## NEWS OF INTEREST FROM WHITE HALL

Funeral of W. A. Kessie Killed by Automobile, Largely Attended—White Hall News Notes.

White Hall, Nov. 17.—Clifford Wood, Lemuel Hicks and a number of others from White Hall attended the funeral of Abram M. Pull at Scottville at 11 o'clock today. Mr. Pull was one of the most prominent residents of the Scottville vicinity, and was 44 years of age. His wife, who survives, is a daughter of Vinus Hicks, member of the pioneer White Hall family of that name. Kessie Funeral Largely Attended.

Funeral services over the remains of Wilbert A. Kessie, who was ground under the wheels of a C. & A. train a few moments after noon last Thursday, were held in the First Baptist church commencing at 1:30 p. m. Sunday, and the church was filled, the M. W. A. Order attending in a body. The discourse was by the pastor, Rev. O. A. Carraoan, and the singing was by the church choir. The remains were interred in the Walkerville cemetery, eight miles southwest of White Hall.

Deceased was a native of White Hall township, and his age at death was 42 years. His wife, formerly Miss Rosa L. McAdams, survives, together with a son, two children being dead, and there is also an adopted daughter in the home, three years of age. The father, J. G. Kessie, an old resident of White Hall, has resided at Hartley, Texas, since the death of his wife on January 29, 1916, and he came for the funeral. Edgar S. of Chicago, a brother, also attended. There are three other brothers, none of whom could get here. They are: Walter A. of Claude, Texas, a farmer; Roy E. of Stratford, Texas, an editor, and Clyde E. of the U. S. Navy, having enlisted some twelve years ago.

It was previously detailed that the deceased was attempting to board a moving work train as it was passing the C. & A. station, and missing his step he fell between the platform and track, the car steps catching on his leg. Those terrible pains began to leave, the swelling and bloating commenced to go down and in a day or two more I changed from liquid diet to some more nourishing and substantial food. From that time on I recovered in a way that was actually astonishing to those who attended me. In all I have taken about seven bottles of this medicine and today I am as well as one can be. My lost strength has returned, my nerves are perfectly calm and no one could get more restful sleep than I do. My appetite is fine, I enjoy all my meals and I never suffer in the slightest degree with my stomach or in any other way. Nothing would keep me from praising this wonderful medicine."

### Death of Prominent Woman

Citizen.  
The death of Mrs. Henry C. Morris occurred at 6 o'clock this morning at the family home on Carr street. It became known to comparatively few on Sunday evening that she was dangerously ill, and her passing came unexpectedly to a larger element of her friends. Death was due to paralysis of the throat and head. Mrs. Morris would have been 67 years of age on January 9th next, and her entire life has been spent here, her father being the late Austin Fuller. On October 19th last she and Mr. Morris attained the 49th anniversary of their marriage. They have two children, Mrs. Fred McPherson and Ernest, both of White Hall. Three children are dead.

Mrs. Morris was a woman of ability and activity in public affairs. She was a member of the First Baptist church and a leader in the Ladies' Aid Society, and also a member of the Domestic Science Association and Pythian Sisters. She was a prominent poultry fancier, and was recently taking a keen interest in reorganizing the Greene County Poultry Association, which has been dormant since the breaking out of the war. In 1913 she won two silver cups on Buff Wyandotts, awarded by the Carrollton Bank and Roy McLamar. Her surviving brothers and sisters are Lon and Miles Fuller and Mrs. Sam Farris of Seattle, Wash.; Mrs. M. Pittenger of Winthrop, Wash.; Mrs. James Sykes of Monmouth, and Charles of Peoria.

Funeral services will be held Wednesday afternoon in the First Baptist church, but details have not been completed at this hour.

### White Hall Miscellany.

Louis Lowenstein was elected member of the executive committee for Illinois at the convention of the National Drainage Congress in St. Louis last week.

Roy S. Kellogg, chief of the news print section of the American Newspaper Publishers' Association, is a son-in-law of Mrs. Posie Fry of White Hall, his wife being formerly Miss Clara Fry, who was active in local literary affairs here. Mr. Kellogg attained prominence as a conservationist under Roosevelt and Gifford Pinchot, and his handling of the news print situation for the publishers of America at this critical time is giving him added prominence. Mr. and Mrs. Kellogg expect to visit White Hall soon.

Rev. Leo Howard is conducting meetings at Barry, Pike county, all this week.

The I. O. O. F. Degree team came down from Roodhouse tonight with a class of fourteen candidates for the second degree that was conferred in the White Hall lodge room. Last week the White Hall team conferred the second degree on four candidates at Roodhouse, and with other candidates in readiness the two lodges will have twenty or more candidates for the class of from 1,000 to 1,500 that will receive at Springfield Wednesday night at the greatest fraternal event ever held in the state at a secret session. The degree work is held in connection with the sessions of the grand lodge.

The coal situation at White Hall is rapidly becoming acute. Dealers report that they have not a pound on hand for commercial use, but that the mild weather has enabled the supplies of their customers to hold out well. If worst comes to worst the factories will cease operations and devote their stock of coal on hand to the use of their employees rather than that there be any suffering among the laboring men. With a continuance of the present short-

age in the domestic supply, factory operations may be forced to close much sooner than anticipated unless the miners get back on the jobs in the next few days.

Shirley Nesbit and Russell Ornellos, accompanied by the latter's mother, Mrs. Grace Ornellos, were down from Beardstown Sunday evening, the guests at the home of Mr. and Mrs. A. M. Nesbit.

Mr. and Mrs. George North departed Saturday for Los Angeles, accompanied by Miss Marion, to spend the winter.

A local shoe repairer says he observed for years that shoe manufacturers would invariably find a weak spot in the making of shoes. He says that if the soles were good the tops were poor, and that there is frequently one poor sole and one good one and so on. He says the habit of manufacturers in putting out shoes in this way has not changed with the higher prices of footwear, and that the tendency to have repairs makes business brisk for the cobbler.

An architect arrived today to go over the Presbyterian church with the view of converting the basement into larger use in connection with athletic and general purposes at all times during the week, being in line with the aims to develop an institutional church.

Dr. A. C. Rich has purchased the Noeker property immediately west of the Christian church, and Mr. and Mrs. Charles Noeker have leased the Morgan property further west on Bridgeport street.

No arrangements have yet been made for the observance of Thanksgiving Day on the 27th, except that the Methodist church will serve dinner. This is an occasion of uplifting influence when given proper observance and attention, being on a par with Memorial Day.

"Up-to-date Civics" will be the subject before the November meeting of the Brotherhood at the Presbyterian church Tuesday evening. The speaker will be Mrs. M. L. Purvin of Chicago, prominent in the women's movement in Chicago, and has held many offices in the state federation of women's clubs.

A pipe organ recital by Getty Sellers, the noted English organist, was held in the Presbyterian church tonight. He was

assisted by Mrs. Howard Burns of Carrollton, reader.

## FREIGHT EMBARGO TALK LIFTS CORN

Chicago, Nov. 18.—Feared that threatened railway freight embargoes might include grain if the coal strike continued much longer did a good deal today to lift the price of corn. Closing quotations were firm at 11-8c to 11-4c net advance, with December 1.34 1-4 to 1.34 1-2 and May 1.26 1-8 to 1.26 1-4; oats finished 3-8c to 1-2c up, and provisions varying from 45c decline to a rise of 40c.

Nervousness on the part of shorts in the corn market was evident thruout the day, especially as to the December delivery. The fact that receipts here had dropped from 339 car loads yesterday to 112 today forced the question of supplies into continuous notice and during the last half of the session in particular the chance of a sweeping embargo made bullish sentiment uppermost. Need of cars to save unsheltered wheat in the west counted further against the bears.

Meanwhile weakness of hog value failed as an offset and so too did a new low record for British exchange. As a price making influence, the excellent weather prevailing was wholly ignored.

Oats like corn reflected mainly the prospect of a general freight embargo.

Provisions were firmer at first in sympathy with grain, but lard eased off substantially owing to slackness of cash demand.

**Mint Jell**

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

Arrangements Being Made for Special Meetings Beginning Sunday, Nov. 23—Will Ship Corn to Baptist Orphanage—Neighborhood News.

Pisgah, Nov. 18.—Old Chanticleer is now a back number, the stillness of the early dawn being broken by the song of the corn husker, accompanied by the rumbling of the wagons. Then comes the bump, bump, bump, on the bumpboards, for corn shucking is on in full blast. Arrangements were completed Sunday night to begin special meetings next Sunday, Nov. 23rd. The pastor is to have the able assistance of Rev. Belton of Virden. The meetings are expected to be held two weeks. Services every night. Everyone cordially invited.

Mr. and Mrs. T. C. Walbaum of Ashland called on Pisgah friends Sunday afternoon. Charles Wood and family spent Sunday in Springfield.

James Mosley who has recently undergone an operation for appendicitis, is expected home Wednesday.

Homer Wood and children, Mr. and Mrs. A. L. Wood and Mr. and Mrs. A. A. Curry drove to George Hardwick's at Merritt Sunday afternoon.

Mr. and Mrs. Ballard Wood of Carlville are visiting at the home of William Beekman this week.

Rev. Haefner, superintendent of the Baptist Orphanage at Irvington, Ill., was calling on friends here last Friday and Saturday. A car load of corn is expected to be sent to the home soon. Anyone wishing to donate corn call either H. L. Wood, Bell phone 941-2, or A. E. Curry, 940-3.

Will Witham and family visited Mrs. Witham's father at Nortonville Sunday.

Miss Bernice Wood and several friends enjoyed an oyster stew at her father's home Monday evening.

A. A. Curry and son shipped two car loads of cattle Monday. Mr. Curry went to St. Louis Monday afternoon.

Don't forget the oyster supper at Union Thursday 5 to 10 p. m. Oysters served any style. Also ice cream, cake and coffee.

Mrs. Mary Beekman Ausmus is enjoying her 5th passenger Dodge. It is the latest model and quite a nifty car.

Mr. and Mrs. Truman Gibson and son are the latest residents of Pisgah. They have been living in Kentucky since Mr. Gibson's discharge from the army.

**ILLINOIS WOMAN'S COLLEGE NOTES**

In February the Woman's College will hold its fourth exhibition of contemporary American paintings. The exhibition will be of the same high quality that has distinguished the other exhibitions held in 1915, 1916 and 1917, and will be an event of strong interest for Jacksonville.

This year's exhibition, in common with the three previous exhibitions, will be assembled by the American Federation of Arts, which is a guarantee of merit, as the American Federation of Arts is a national organization for the advancement of art in our smaller communities, and its exhibitions are selected by distinguished jurists.

These pictures are brought to the Woman's College as an educational enterprise for the benefit of the college students and the community at large. Two hundred dollars has been guaranteed by faculty and students toward the expense of the exhibition. As formerly, the exhibition will be open free of charge to public school children, chaperoned by teachers, at scheduled periods, and it is the hope to make it of real educational value to all of Jacksonville.

**419 EGGS FROM 20 HENS IN 30 DAYS**

Mr. Dougherty Got This Result in October. Plan is Easily Tried.

"I tried Don Sung and the results were far past my expectations. I got 419 eggs in 30 days from 20 hens while moulting. I think this is wonderful, as they hardly laid at all before while moulting."—Frank Dougherty, 5940 E. 11th St., Indianapolis.

Mr. Dougherty bought \$1 worth of Don Sung tablets in October and wrote the above letter in November. Figure his profit on 35 dozen eggs from hens that formerly were idle.

This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrol-Dugger Co., 234 Columbia Bldg., Indianapolis, Ind.

**ILLINOIS MOTHERS Prepare for Trouble**

When a girl becomes a woman, who a woman becomes a mother, and when a woman passes through the changes of middle life are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe or chronic diseases.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any woman can safely take because it is made from roots and herbs containing no narcotics of the most pronounced character.

It is not a secret remedy because its ingredients are printed on wrapper.

Quincy, Ill.—"I was suffering intensely with ulceration and, was in great displacement, and was so weak and un-down and nervous that I could not even do my own housework when commenced to take Dr. Pierce's Favorite Prescription Golden Medicine Discovery and Pleasant Pellets.

For one whole summer I took a complete course of treatment with these medicines (exactly following instructions on wrapper around the bottles) and from a miserable and afflicted woman I was transformed into a new being, full of health and strength, with no sign of inward trouble whatever.

"I feel most grateful for what Dr. Pierce's medicines have done for me."

—ANNA LITTLETON, 416 Vine St., East St. Louis, Ill.—(Dr. Pierce's Golden Medicine Discovery has been used by our family for three generations. My grandmother used it. Mother used it. I feel down condition and cough and strengthen her and built her up. I have used it myself after having a "rip" and feel it a true builder."

Why Monday's audience at Northminster church was so completely mystified. George Wilton Ballard was inside the phonograph in all excepting physical presence

At first reading, the story of the New Edison's performance last Monday night at Northminster Church seems fraught with mystery.

But the explanation is simple enough.

First, get a picture of what happened. Mr. Ballard sang Mother. I stopped after the first few lines, but his voice flowed on without a break. No one even noticed he had stopped—until some eyes, keener than the rest, saw his lips were still. It was only then that realization dawned. The audience found it had been listening to the New Edison.

To every ear, the two voices, living and RE-CREATED, had been without shade of difference.

That was what so mystified the audience. They had expected the RE-CREATED art to betray its phonographic origin. It was a step too advanced for the comprehension that this instrument should be all that Mr. Ballard is, excepting his physical presence.

The same was true of the fine work done by Willard Osborne, the talented violinist, who assisted Mr. Ballard.

**The New Edison****"The Phonograph with a Soul"**

This extraordinary proof is the only means through which people learn to appreciate the true powers of the New Edison. If you are interested in music, it is indeed unfortunate that you were not present.

\*The instrument used in Monday's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.
